RE: Personal Safety information talk

On behalf of the Pharmacy staff that was present for the self-defense talk held on the 08 September 2017 at the Greys Hospital Pharmacy. We would like to thank you for availing yourself to provide us with much needed safety information and tips on avoiding dangerous situations.

Your talk was quite informative and eye opening. Although our time was very limited, I am sure that everyone present gained some good knowledge on how to keep ourselves and our families' safe in this dangerous world.

We appreciate the work you do in our communities helping to keep people safe.

We wish you well in all your future endeavors.

Thank you very much for your efforts

Greys Hospital Pharmacy Staff
